Stencil Products

Marsh Hand Operated Stencil Machines

The Marsh Stencil Machine makes the cleanest cuts with no tearing or pulling. Always providing sharp clear marks. And, it's made in the USA.

- Easy to read characters on the large, bold-character dial for error free operation.
- Built to be solid; so stable it doesn't need to be bolted to the work surface.
- Case-hardened dies have wear-resistant cutting edges.
- Zinc alloy punch is stronger, lasts longer than steel, fits closer, cuts cleaner and is more corrosion-resistant.
- **R and R-5 Model - 1"** R: 4 lines, any length; 14 characters/foot
R-5: 5 lines, any length; 14 characters/foot
- **M model - 3/4"**: 4 lines, any length; 16 characters/foot
- **H model - 1/2"**: 6 lines, any length; 23 characters/foot
- **Q model - 1/4"**: 10 lines, any length; 43 characters/foot

OBC11-44-RL-24	OILBOARD, CANARY 11PT, 24" X 100' - ROLL	\$64.35

Super Size Stencil Machine and accessories

- Sharp, clean stencil cuts.
- Cuts a complete stencil in a turn of the handle. Duplicates Stencils even faster.
- Comes complete with stencil machine, stand, and cylinder.
- Over 20 character sizes available; character sets sold separately.
- 79 piece font set for 3" to 10" characters available (70 and 100 mm for metric).
- 111 piece font set for 1/4" to 2" available (20, 30, 40 and 50 mm for metric).

Oilboard

- Marsh oilboard is cured in a plant that is solely dedicated to the production of superior grade oilboard. Then, its treated with a special blend of double-boiled linseed oils to resist ink bleed-through. After treatment with the oil, the board is cut with the grain in order to further strengthen its rigidity.
- Specially formulated to resist ink bleed-through.
- Fine grade oilboard will not tear or pull when cut — saves you time and money.
- The largest selection of standard sizes available for all types of stencil machines.
- Choice of natural or canary finish.
- Available in .015", .011" and .007" thickness.
- .015" thickness recommended for 1", 3/4" and 1/2" machines including Marsh R, R-5, S, H and Super Size stencil machines.
- Premium grade, finer fibers produce extremely clean-cut characters.
- Other special cut sizes and rolls available. Please call for pricing and availability.

Stencil Applicators

Leave Lasting Impressions.

Marsh Fountain Rollers and Brushes can help you make quick work of the stenciling process by delivering ink impressions on a variety of surfaces without fading or flooding. Depend on these hard-working products for a productive stenciling experience, every time.

- **EFI Environmentally Friendly - Productive and Pro-Environment**

The efi Stenciling System provides a portable and convenient method of stenciling crisp, clear marks on a wide variety of porous and non-porous surfaces. The stencil marks are fast drying, permanent, as well as fade and sunlight resistant.

Best of all, since the inks have an ultra-low VOC content – they are more environmentally friendly to the operator applying the markings, and to the atmosphere. The inks are water-soluble and only require soap and water for clean-up. (No separate solvents required!) Since efi inks are also non-flammable, they are safer to use and easier.

- **Fountain Rollers - Productivity on a Roll.**

The pump action of Marsh Fountain Rollers gives you fast, uniform ink distribution without fading or flooding.

- Durable aluminum and brass construction for tough environments.
- Long lasting neoprene roller.

- Environmentally friendly – refill from Marsh quart or gallon ink cans and reduce packaging waste.
- Replacement foam rollers available.

- **Rolmark Pad & Roller System - Efficient and economical**

- Rollers available in 1.5” (38 mm), 3” (76 mm), and 4.5” (114 mm)
- Inexpensive stenciling system.
- Use Rolmark Ink on porous and non-porous surfaces.
- Can also be used with efi inks.
- Units sold separately.
- Only Rolmark or efi inks may be used with pad.

- **Rolmark Express - Minimize down time. Maximize productivity.**

- Designed to be a quick, easy to use tool. Offers the convenience of quickly changing ink cartridges, minimizing potential ink mess, and most importantly production down time.
- The Rolmark Express all metal, disposable ink cartridge becomes the strong, durable handle once it is screwed on the spindle roller assembly. It utilizes the same 3” neoprene roll that is used with standard fountain rollers.
- Cartridges contain 4 ounces of ink and are sold 8 per carton.

- **Fountain Brush - Fills in the gaps.**

The Marsh Fountain Brush ensures solid stencil coverage and strong clear marks. Great for uneven surfaces, such as crates, or concrete.

- No-mess operation – ink refill is at the handle end of the brush
- Extend product life with replaceable brush tips
- Use brushes for porous and non-porous applications with the appropriate ink
- Includes polypropylene cap to protect bristles
- Use with K or Rolmark ink

Stencil Inks

- **Rolmark/Poly-Rolmark Ink**

All Marsh inks have been specially formulated to meet the most stringent quality control standards. Permanent, waterproof, light-resistant, fast-drying – Marsh provides high quality inks for all applications. Deciding to purchase Marsh inks ensures you will always make clear legible marks.

- Rolmark stencil ink is waterproof, permanent, and fast-drying on most surfaces; marks on porous or non-porous surface.
- Poly Rolmark stencil ink is specifically formulated for marking polyethylene and plastics such as shrink film and plastic wrap.

- Rolmark and Poly Rolmark stencil ink can be used with any of the following products: Fountain Brush, Fountain Roller, RM20 Roller with RM50 Pad

- **K Stencil Ink - Holds up in any condition.**

- Permanent, waterproof, fast-drying, for marking on porous surfaces such as paper, cloth, wood, corrugated material, etc.
- Perfect for outdoor use. Light resistant.
- Use K Stencil Ink with the following products: Fountain Brush, Fountain Rollers, M99 Marker.

- **Spray Inks - Mark Boldly On Any Surface!**

- Spray Stencil Inks are useful for permanent, waterproof, fast-drying, bold marks on any surface. Marsh Spray Inks are lead free, CFC (Chlorofluorocarbons) and CFHC-Free (hydro-chlorofluorocarbons). All ink formulations comply with CONEG (Coalition of North Eastern Governors) legislation.

- **Spray Mark Over, Tan - The Refreshing Option.**

Tan Spray Mark Over sprays on any surface to cover old marks and re-use cartons. This fast-drying, permanent, waterproof mark over will provide maximum coverage with minimum spray mist and running.

- **Spray Adhesive - Creating Strong Bonds.**

All purpose, no mess, high contact spray adhesive that forms a permanent bond on most materials.

- **W-15 Mark Over - Liquid Asset.**
- W-15 mark over ink obliterates old marks on tan colored porous surfaces. Fast drying, permanent, waterproof – marks on any surface. Cleans up easily with water, no solvents required.
- Use with following products: Standard paint brush, Paint roller.

- **Roller Coder Inks - Waterproof, No Smear, and Fast-Drying.**
- Porous roller coder ink is used for marking on corrugated cartons, paper and other porous surfaces. These inks will never dry on non-porous surfaces at room temperature.
- Non Porous roller coder ink marks on plastic, metal, glass, rubber and other non-porous surfaces and will dry in approximately 2 seconds at 75-degrees F ambient temperature.
- Used with this equipment: Conveyor Line Printer, Mini Roller Coder, Hand Printer, Stamp Pad, Spray Gun, 99 Marker
