

PERMANENT ADHESION, TAMPER-EVIDENT SEALS

# WATER ACTIVATED TAPES

## TECHNICAL SPECIFICATIONS

			Top Sheet Weight	Bottom Sheet Weight	MD Pattern Filament	MD Tensile Strength	CD Pattern Filament	CD Tensile Strength
<b>GP 100</b>		Non-reinforced, medium duty grade gum paper tape for light- to medium-weight packaging applications that demand a long-lasting bond. GP 100 adheres to most paper surfaces with an aggressive water activated adhesive that becomes part of the carton to provide tamper-evident security.	-	-	-	45 lbs/in width	-	23 lbs/in width
<b>WP 100</b>		Economy grade reinforced paper tape for sealing light- to medium-weight cartons with normal exposure to handling, shipping and load stress. Offering excellent tensile strength and an aggressive water activated adhesive that provides an instant bond to most corrugated surfaces, WP 100 delivers a durable seal that helps prevent pilferage.	23 lbs	23 lbs	1-1-1-1-1 H110 Fiberglass	55 lbs/in width	1-1-1 Diamond G150 Fiberglass	25 lbs/in width
<b>WP 200</b>		Production grade reinforced paper tape with water activated adhesive for sealing medium-weight cartons up to 35 pounds in normal manufacturing and shipping environments. Strong and conformable with aggressive adhesion to cartons, WP 200 prevents pilferage to help ensure goods arrive intact.	23 lbs	23 lbs	1-1-1-1-1 G75 Fiberglass	60 lbs/in width	1-1-1 Diamond G150 Fiberglass	27 lbs/in width
<b>WP 300</b>		Heavy duty grade reinforced paper tape with water activated adhesive for critical closure of heavyweight cartons up to 45 pounds in all environments, including those subjected to handling stress. With high tensile strength and an aggressive adhesive that quickly becomes part of the carton, WP 300 is designed for optimum security.	23 lbs	23 lbs	2-1-1-1-1-2 G75 Fiberglass	75 lbs/in width	1-1-1 Diamond G150 Fiberglass	30 lbs/in width
<b>WP 400</b>		Extra heavy duty grade reinforced paper tape for sealing large, bulky or heavy content cartons over 50 pounds in moderate to severe handling environments. WP 400 offers superior tensile strength, conformability and an aggressive water activated adhesive that becomes part of the carton to deliver maximum security on every carton.	23 lbs	30 lbs	2-2-1-2-2 G75 Fiberglass	80 lbs/in width	1-1-1 Diamond G150 Fiberglass	35 lbs/in width
